DEDICATION-1974

Dr. Guinn dedicates Chaparral to the community on behalf of the School District.

Chaparral High School gets its name from a scrub oak, a plant native to the southwest desert region. The word comes from Chaparro, the Spanish word for evergreen oak.

This beautiful two-story facility is located at 3850 Annie Oakley Drive, constructed on a forty acre site of land purchased from Ed VonToble Company. The architects were Caudill-Rowlett and Scott of Houston, Texas, in association with Jack Miller and Associates of Las Vegas. The contractor is Del E. Webb Corporation. The construction cost of Chaparral is \$8,685,000. Chaparral has a rated student capacity of 2,335, however, with 100% utilization it will accommodate 2,700 students.

"Learning is a life long process. The knowledge we acquire comes from our experiences, and from this knowledge we gain wisdom. Hopefully, the formal education you receive will be beneficial to you in making wise decisions that not only benefit you but others. Take full advantage of the learning experiences offered you at Chaparral."

"In claiming our humble success as a first year school, we owe our deeds to some factors."

Desire To succeed over adverse situations

Hardwork-Which started long before the school year opened

Fortitude-The ability to withstand and overcome the uncomfortable and painful conditions.

Pride-which is only developed through hard work. We define it as the quality of accomplishment that brings self-esteem and self-respect

Character-Obtaining the highest qualities that each person possess. The final ingredient is

Experience-Which has brought us the knowledge to compete to the best of our abilities." (Calvin)

Chaparrals J.V. Football
team commanded by
veteran high school coach
Emilio Camillone, posted
4 wins against 6 losses
this year.

The two hardest games were with Valley and Western. The team managed to hang together and give an all out effort throughout the '73 season. Coach Camillone said, "this was definitely the best group of kids I have ever coached and it's been an honor and privilege being part of Chaparrals coaching staff."

The girls basketball team had an exceptional season for their first year in competition.

They compiled 2 wins against 10 losses. First year coach Gloria Williams, who enjoys coaching very much and plans on being back next season, said, "the girls, as a whole, put a lot of team effort into it." The Cowgirls, led by Betsy Verchick (Captain) and Emma Nelson (Co-Captain), are looking forward to next season. With all of this years girls returning, they feel their defense will improve greatly because of experience on the court this year.

Starting a new year proves to be a tremendous challenge for varsity basketball.

The Chaparral teams first win was against Vo-Tech by a score of 55-36. It was a long wait for a win but was worth it. Coach Booth, head coach, and Coach Hadfield, assistant coach, both say, "For the players it is hard to accept the fact that you are going to lose some ball games in a building process." Coach Booth enjoys working with the team and enjoys the competitive part that basketball offers.

It also makes you a part of the school and the fact that you are contributing to its success. So let's wish our team a lot of luck in the years to come.

"Oh no you don't"

Wrestling teams work towards victory.

"I feel privileged to be a part of such a fine coaching staff at the best of all Las Vegas Schools. My assistant Coach Larry Barnson is a valuable asset to my program and he has done a great job for me this year." says Coach Dennis Finrock

Our team can best be described as aggressive and young, but experienced. In the re-zoning for Chaparral High School we were fortunate to pick up seven lettermen from Valley and Rancho, two of the perennial wrestling powers in our city

Our team has shown very well this year for being so young and we have surprised a lot of people and even put the fear in a few others

"All together Now"

Soccer team works towards potential.

"Our team played as well as possible, but haven't quite reached their potential." That's how head coach, Emilio Camilone, summed up Chaparral's first season in league competition. Camilone is a veteran soccer coach, spending 3 years at Rancho, 2 years at Vegas, and winning his only state championship at Basic, but he has great faith that this will be changed in a few years here at Chaparral. "We are definitely going to be a surprise package next season," states Camilone. He was especially pleased with the play of Rick Porter, Jim Abraham and Keith Brubaker, who had only played in 2 soccer games in their lives before. The best overall game was against Valley High, winning by just one goal. The team's trip to Palm Springs, California, was a success with our Cowboys winning both games. The soccer bunnies accompanied the team on the trip and were a great asset, helping boost team spirit and other behind the scene activities. Their help was worth a million dollars to the team. It's good to see more girls getting involved in sports. Coach Camilone also mentioned that it was a privilege to coach such a great collection of kids.

He's gonna score!

The bowling teams got off to a great start with a win over the Eldorado Sun Devils.

Rick Gibson threw a terrific 220 game for the boys while Larry La Blanc was amassing 520 sticks for the high series.

The bowlers goal is to beat the different high schools they play in Clark County. The club meets every Thursday and reports to the bowling lanes in Henderson where they compete with the other schools. The club is headed by Mr. Dyke. The Chaparral Cowboy bowlers have a record of 10 wins and 14 losses.

Varsity Chorus is well known for their superior musicianship.

The purpose of the class is to acquaint these advanced vocal musicians with choral literature of all historical periods, and musical styles written by the great composers.

The goals for Varsity Chorus are to develop understanding of musical structure and techniques of good vocal production. They have the unlimited opportunity of experiencing music on a discovery basis.

Varsity Chorus provides opportunities made available to serve the community and other schools in the community in concert.

GIRLS GLEE

Girls Glee Club is a team.

The students work together while learning that the success of the group depends upon the individual members. Each member of the team has a responsibility to the others in achieving a common goal. Mrs. Morgan, director of the choir, has much enthusiasm and faith in the singers.

One of the main goals of Girls Glee Club is to develop an understanding of music notation and singing techniques. This group also provides an opportunity to develop musical talent of the girls.

This year Girls Glee Club has participated in a clinic with Basic and Rancho High Schools, performed at Chaparral's first Christmas Concert on December 13, sang for a concert on March 5, and also took part in the Clark County Music Festival on March 27.

Surrey Singers is a group working for common goals.

Their goals include to be able to express themselves not only in song, but also in dance steps; to prepare a musical "show" for the aesthetic experience of public performances while providing entertainment for an audience; and to provide a chance for the students to learn how to sing today's pop music. Surrey Singers has had a number of appearances at the different schools and public places around town.

The officers of Surrey Singers are: President - Tammie Olive, Vice President - Joe Clark, Secretary - Jackie Morgan, Treasurer - Jackie Nielson, Properties Manager - Bob Hardy, Uniform Manager - Rick Lowe, Historian - Shari Morgan, Publicity Manager - Kevin Davis

STUDENT BODY OFFICERS

Marge Roth, Vice President

Garry Hayes, President

Tom Salagi, Secretary Treasurer

This year's Student Council brought student government closer to the student body.

This was accomplished by getting ideas from the student body and by involving as many students as possible. Some of the student council's accomplishments were a lighted sign, a bulletin board, and a juke box, in the cafeteria. One of the problems they faced was the responsibility for doing many things the students were not aware of such as the constitution, fund raising, and coordinating efforts between clubs. This year the Student body was essential in the promoting of school spirit which was the most important goal that was achieved. The advisor is Mr. Lamoreaux

The first graduating class sets up the majority of the traditions.

With much effort, money was raised for a successful Junior Prom and a Mardi Gras. A graduating committee was established for Chaparral's first graduating class. Many of the problems of being a Junior Class officer at a new High School centered around the student body. Many of the students weren't enthusiastic enough to volunteer their ideas to be carried out by the council, but those given were used to make a good Junior government. The Junior Class advisor is Mrs. Edwards

Organization was one of the keys to the successful Sophomore leadership this year.

Funds were raised to finance the many Sophomore activities. The officers held bake sale, candy apple sales and car washes. The money raised by these projects was used on activities such as a Disneyland trip and dances. The advisor of the Sophomore Class officers is Mrs. Koot

Eddie Oscar President

Billie Black Vice President

Chaparral's first Freshman Class officers did an excellent job this year.

Their main goal was to raise money for their Senior year. Among the fund raising activities was a successful spaghetti dinner and a Sweetheart Ball. The officers planned for the Freshman Class. Because the officers came from different schools, it was hard to get together and get organized in a new school, but they managed to pull through with outstanding leadership for the Freshmen. The Freshman advisor is Mrs. Ronkohl.

SUN YOUTH FORUM

Sun Youth Forum expressed their ideas this year.

Once a year, the Sun Youth Forum assembles to discuss the pros and cons of current problems. These problems are discussed on a city, state, and national basis. Nathan Young was chosen to write an article in the Las Vegas Sun newspaper about the things discussed and did an excellent job. All of the students from Chaparral High School said they had a great time and were looking forward to next year's Forum. Mr. Alleman, an American History teacher, is the advisor, and there are twenty-two members in the club.

Knowledge and quick thinking were the keys to the Varsity Quiz Club.

The purpose of this club was to help the students gain knowledge in different fields and to experience the spirit of competition. In the Quiz Games, the students are asked questions on many different subjects, some on a Senior level which made them at a disadvantage. The first game was played at Valley and Valley was victorious. Later in a practice game between Chaparral and Valley, the Vikings were defeated. Some of the schools that competed against the Cow boys were Boulder City, Gorman, and Clark. These games were also seen on television.

Varsity Cheerleaders played an important role in setting new traditions in 73-74.

Candy sales, assemblies, a bug race and the Girls Reverse were only a few of the activities which these girls sponsored

Because most of them were new to cheerleading, it was quite an experience getting together although they did very well for their first year. At camp the girls won 2 superior and 4 excellent ribbons for their performances and a "right-on" for originality

Future Homemakers of America (F.H.A.) is an organization of home economics students concerned about improving personal, family and community living.

This year each home economics class was organized into a separate club. Monthly meetings have further explored concerns such as abortion, buying a car, child abuse, drugs, ecology, the gas shortage and natural childbirth. The school chapter meets after school to allow any Chaparral students to belong. Members sponsored bake sales to earn money for state and national dues, uniforms and attendance at district and state conventions. The chapter gave a Christmas party for 20 toddlers at Divining Providence Day Care Center. Cindi Wright was selected as Co-Ed correspondent for the 1973-74 school year. Co-Ed, published monthly by Scholastic Magazines, contains articles on fashion, food, beauty, and home furnishings and fiction. As a junior advisor to the editors, Cindi keeps the editors informed of activities at Chaparral High School.

Surprise!

Chaparral is proud to have an NJROTC program.

The course includes both classroom studies and marching. There are 51 students enrolled with 17 of them taking it twice a day. It is not a Navy Recruiting program, but a chance for the students to use their talents in learning and experiencing leadership. The Navy sponsors the program by certifying retired Naval Officers which are Commander William B. Shields, USN and Lt. Commander William P. Camp, USN. The Navy provides the materials and uniforms while taking the course. They have gone on two fields trips so far and have many more planned for this year and next. When asked how it was starting at a new school Comm. Shields replied, "It's exceptionally good"

Vaquero staff makes a history of school life.

It's not easy to be the first yearbook staff and advisor at a new school, but it certainly is interesting. "My admiration for the abilities of students in the performing arts, sports and activities has grown tremendously as I have viewed all these activities through my camera," says Marie Mason, advisor.

The Vaquero Staff has learned from experience the skills required to put a good yearbook together. Each year they hope to put together the best yearbook in Clark County.

PEP CLUB

Pep Club promotes school spirit.

The Pep club has raised money by selling spirit items. With their hard earned money, they pay for transportation to games away from Chaparral and poster materials.

Mrs. Moore, their advisor says, "this group will lead the way into a very active organization that will be visible and vocal at all of Chaparral's sporting events."

AUTO CLUB

Auto Club members idle all day.

The auto club was formed namely for the purpose of extra time to work on cars. The club gives you more of a chance to learn how to fix your auto.

Mr. Hollihan assists students in learning more about their cars. Auto club members learn shop techniques and how to use the auto repair tools and machines. Auto club members also work on faculty and student cars for a very minimal fee. Auto club is not exclusively a boy's club. There are about six girls in the club. The club plans car washes and field trips to Lake Mead in the Spring.

Art Club active in the spring.

The art club members plan several field trips this spring. They hope to raise money for their activities by selling candy, baked goods, and art objects to the student body. The club also assists with the placement of student work in offices at Chaparral. Members of the art club *NOT SHOWN* are Linda Brumbaugh, Cheri Fisher, Cathy Williams, Pat Hennings, Sect., and Chris Lindner.

The real name of the Drama Club is the Comedy, Tragedy and Theatrical Arts Company.

The club helps with play productions by doing the publicity, auditioning for parts, and constructing sets. Drama members entered an unusual bug in the Fall Bug race and won First Place for best decoration. Contests are big events. Club members are also involved in the Drama and Forensics meets and hope that some members will represent Chaparral in the meet at Reno in the Spring.

Next year, the Drama Club hopes to learn more about play analysis and acting by attending performances at other schools in Clark County.
